Erstwhile, "Bombay"™, 100 years ago was beautifully built by the British where the charm of its imagery and landscape was known to baffle all. The look and feel of the city was exclusively reserved for those who lived in that era and those who used to breathe an unassuming air which culminated to form the quintessential "old world charisma"™.

Introduction. But due to urbanisation, the forest at Malabar hill almost disappeared except the areas like Raj Bhavan which are out of reach due to restricted entry and "Tower of Silence" near Kamla Nehru Park, which is open only for a particular community. The Raj Bhavan area still has remnants of old forest.

The Flora & Fauna of Raj Bhavan - Mumbai

Strobilanthes callosus has sturdy stems which along with its leaves is generally used by the local adivasi tribals and villagers as thatching material to build their huts. [7] [10] [11] Immediately after its mass flowering the Karvi honey collected by wild bee honey hunters is a popular local delicacy, it is much thicker and darker than other ...

Strobilanthes callosus - Wikipedia

The flora and fauna of Odisha, a state in eastern India, is extremely diverse and gives the state a reputation for abundance of natural beauty and wildlife. The districts in the interior are thickly covered by forests both of the tropical moist deciduous type as well as tropical dry deciduous.
