

keynesian revolution and its pdf

The Keynesian Revolution was a fundamental reworking of economic theory concerning the factors determining employment levels in the overall economy. The revolution was set against the then orthodox economic framework, namely the neoclassical economics.. The early stage of the Keynesian Revolution took place in the years following the publication of Keynes' General Theory in 1936.

Say's Law and the Keynesian Revolution: How Macroeconomic Theory Lost Its Way is a book par excellence. I have never encountered a text that explains the business cycle so cogently (and provides a thorough repudiation of Keynesian economics to boot!) In particular, Kates clearly teaches that changes in liquidity preferences and fluctuations in ...
