

### **some thoughts concerning education pdf**

Some Thoughts Concerning Education John Locke Introduction 1. A sound mind in a sound body, is a short, but full description of a happy state in this world. He that has these two, has little more to wish for; and he that wants either of them, will be but little the better for any thing else. Men's happiness or misery is most part of their own ...

### **Some Thoughts Concerning Education - Sophia Project**

As an education manual, the essence of Some Thoughts Concerning Education was the advice to do what was practical and effective, even if this meant ignoring some venerable tradition. Apart from its philosophical foundations, it was this rational, almost common-sense orientation on achieving educational results that made the book (within the social

### **Full text of "Some thoughts concerning education"**

Some Thoughts Concerning Education is a 1693 treatise on the education of gentlemen written by the English philosopher John Locke. For over a century, it was the most important philosophical work on education in England. It was translated into almost all of the major written European languages during the eighteenth century, and nearly every European writer on education after Locke, including ...
