Transparency is possible in a number of graphics file formats. The term transparency is used in various ways by different people, but at its simplest there is "full transparency" i.e. something that is completely invisible. Only part of a graphic should be fully transparent, or there would be nothing to see. More complex is "partial transparency" or "translucency" where the effect is achieved ...

Graphic recording (also referred to as reflective graphics, graphic listening, etc.) involves capturing peopleâ€™s ideas and expressionsâ€™ in words, images and colorâ€™ as they are being spoken in the moment.

### **Graphic Recording :: The World Cafe**

A graphic designer is a professional within the graphic design and graphic arts industry who assembles together images, typography, or motion graphics to create a piece of design. A graphic designer creates the graphics primarily for published, printed or electronic media, such as brochures (sometimes) and advertising. They are also sometimes responsible for typesetting, illustration, user ...
